Gambler, Given a Parole, Also Gets Judge's Advice

"We Intend to Keep Our County Clean," Says Judge Biester

DOYLESTOWN, Nov. 17 — "Have you had enough of the numbers racket?" Judge Edward G. Biester asked Michael J. Connolly, 34, of 1339 North 30th street, Philadelphia. Connolly appeared in Quarter Sessions Court in connection with a numbers racket case.

"The Courts of Bucks county feel very strongly about gambling and the numbers rackets in Bucks county because the take is pretty good and we intend to keep our county as clean as possible."

Numbers in Bag
Connolly, who was arrested by the Pennsylvania State Police of the Langhorne sub-station at the Fairless Works site in Falls township when he was caught with "numbers" in a paper bag, was sentenced September 12 in criminal court to serve not less than two nor more than 24 months in jail.

"This parole means you are serving the balance of your sentence, which is approximately 20 months, out-of-doors, and one mistake, or mis-step, and you will be brought right back here and jailed."

Connolly was also directed to pay a \$500 fine and the costs of prosecution. He paid.

"You have had some experience with jails," commented Judge Biester. Connolly served time in the Eastern State Penitentiary for an armed robbery charge, but was pardoned by Governor James H. Duff because of his excellent war and combat record. He was also in trouble in 1936 in connection with a larceny charge.

Connolly denied that any more charges, growing out of numbers writing, were lying in wait for him in Philadelphia, informing the Court that everything had been cleared up.

Redfield Art Exhibition To Continue to December

Bucks County's current art exhibition of landscape oils by Edward W. Redfield of Center Bridge, being held at the County Education Art Gallery at West and Ashland streets, Doylestown, will continue to December.

Redfield's prize collection of ten winter and spring paintings may be seen by the public in the afternoons and on Saturdays. Various student groups have reserved the morning periods. Redfield's one-man show last year attracted more than 500 students and adults.

Paints on the Spot
Redfield is a painter of winter scenes, painting directly from nature, completing his picture "on the spot." His painting requires him to sit outside for many hours at a time, often in freezing weather. Redfield, through the years, appears never to have exhausted the natural resources of Bucks County. Visitors are impressed with the wide variety of subjects he has chosen and with which he appears to be equally familiar and sympathetic. While snow scenes are chiefly in evidence, there are others with beautiful spring settings. Some show special interest in the woodland scenes with swiftly flowing streams, others the blossoming spring scenes.

State to Get Applications

Erection of New Primary School at Laurel Bend And Expansion of Building at Edgely Considered

Bristol township school board is considering the construction of a new elementary school at Laurel Bend, and the expansion of the facilities of the Edgely primary school, according to Clarence Young, board secretary.

Young said the board which held a special meeting Thursday night at which the Authority and Dr. Boehm, county superintendent of schools were present, instructed Walter Miller, district superintendent, to prepare applications for presentation to the state, outlining specific classroom needs in the two areas.

The applications Miller will prepare for approval of the board at its December meeting will be presented to the State Department of Public Instruction in Harrisburg. That department, in turn, will pass on whether the township should be permitted to go ahead with preliminary plans for the new facilities.

The proposed school at Laurel Bend would be situated on the 67-

acre Delhaas site, said Miller. Size of this school, or of the Edgely addition, will not be known until studies of the area's needs are completed, Miller stated. He added that all information will be presented to the board at its regular December meeting.

The school district has also instructed its architect to make a topographical survey at the high school site with the view in mind of laying out the playing field area. This athletic field will be located on the northern end of the Delhaas site adjacent to the school, Miller said.

Secretary Young added that in further actions the board approved the revised plans of the George Taylor School, Croydon, and has advised the authority to insert advertisements for bids in local papers during the week of Nov. 25. The bids are to be opened Jan. 7.

This same procedure will be followed with the high school addition said Young, except that bids will be opened Jan. 6.

2,000 Are Soliciting For Community Chest

Chairman Is Encouraged With Local Reception To First Campaign

Individual solicitors for the Bucks County Community Chest are finding making Red Feather history sometimes has to be done the hard way.

Undertaking the first Chest campaign ever to be held in a primarily rural county, approximately 2,000 house-to-house solicitors are knocking on every door in the community. In the lower end of the county where the population is more concentrated in towns the job is more or less routine. In the northern, rural sections things are different.

Works in Blue Jeans
Example in case is Mrs. Walter Stocklin of the Plumsteadville area. Scorned dresses as highly impracticable, Mrs. Stocklin roams her rural area clad in blue jeans driving a four-wheel-drive jeep. If the master of the house is in the fields harvesting corn, the jeep takes her out to see him.

"The Community Chest is new in Bucks County, but I'm amazed at the fine reception our people are having as they visit their neighbors asking for pledges," Fred J. Rarig, Chest general chairman, said from his Doylestown headquarters.

Appears Encouraging
Rarig said that no reports have arrived as yet as to how the drive is progressing financially but that "scattered reports from individuals are encouraging."

Industry's contributions to the drive have yet to be announced, but the Rohm & Haas Company of

No Detour To Be Required While Digging Ground Along Roadside

The gas main now being installed along Main street in Hulmeville is part of a 16-inch transmission system from the Philadelphia Electric Company's gas manufacturing plant at West Conshohocken. When completed, the system will supply manufactured gas to Fairless Hills and adjacent territory.

No detour will be required when the line from Main street is connected to the line under the Neshaminy Creek according to a spokesman of the electric company.

Numbers in Bag

Connolly, who was arrested by Pennsylvania State Police of the Langhorne sub-station at the Fairless Works site in Falls township when he was caught with "numbers" in a paper bag, was sentenced September 12 in criminal court to serve not less than two nor more than 23 months in jail.

"This parole means you are serving the balance of your sentence, which is approximately 20 months, out-of-doors, and one mistake, or mis-step, and you will be brought right back here and jailed."

Connolly was also directed to pay a \$500 fine and the costs of prosecution. He paid.

"You have had some experience with jails," commented Judge Biester. Connolly served time in the Eastern State Penitentiary for an armed robbery charge, but was pardoned by Governor James H. Duff because of his excellent work and combat record. He was also in trouble in 1936 in connection with a larceny charge.

Connolly denied that any more charges, growing out of numbers writing, were lying in wait for him in Philadelphia, informing the Court that everything had been cleared up.

Redfield Art Exhibition To Continue to December

Bucks County's current art exhibition of landscape oils by Edward W. Redfield of Center Bridge, being held at the County Education Art Gallery at West and Ashland streets, Doylestown, will continue to December.

Redfield's prize collection of ten winter and spring paintings may be seen by the public in the afternoons and on Saturdays. Various student groups have reserved the morning periods. Redfield's one-man show last year attracted more than 500 students and adults.

Paints on the Spot

Redfield is a painter of winter scenes, painting directly from nature, completing his picture "on the spot." His painting requires him to sit outside for many hours at a time, often in freezing weather. Redfield, through the years, appears never to have exhausted the natural resources of Bucks County. Visitors are impressed with the wide variety of subjects he has chosen and with which he appears to be equally familiar and sympathetic. While snow scenes are chiefly in evidence, there are others with beautiful spring settings. Some show special interest in the woodland scenes with swiftly flowing streams, others the blossoming spring scenes.

State to Get Applications

Erection of New Primary School at Laurel Bend And Expansion of Building at Edgely Considered

Bristol township school board is considering the construction of a new elementary school at Laurel Bend, and the expansion of the facilities of the Edgely primary school, according to Clarence Young, board secretary.

Young said the board which held a special meeting Thursday night at which the Authority and Dr. Boehm, county superintendent of schools, were present, instructed Walter Miller, district superintendent, to prepare applications for presentation to the state, outlining specific classroom needs in the two areas.

The applications Miller will prepare for approval of the board at its December meeting will be presented to the State Department of Public Instruction in Harrisburg. That department, in turn, will pass on whether the township should be permitted to go ahead with preliminary plans for the new facilities.

The proposed school at Laurel Bend would be situated on the 67-acre Delhaas site, said Miller. Size of this school, or of the Edgely addition, will not be known until studies of the area's needs are completed, Miller stated. He added that all information will be presented to the board at its regular December meeting.

The school district has also instructed its architect to make a topographical survey at the high school site with the view in mind of laying out the playing field area. This athletic field will be located on the northern end of the Delhaas site adjacent to the school, Miller said.

Secretary Young added that in further actions the board approved the revised plans of the George Taylor School, Croydon, and has advised the authority to insert advertisements for bids in local papers during the week of Nov. 25. The bids are to be opened Jan. 7.

This same procedure will be followed with the high school addition said Young, except that bids will be opened Jan. 6.

2,000 Are Soliciting For Community Chest

Chairman Is Encouraged With Local Reception To First Campaign

Individual solicitors for the Bucks County Community Chest are finding making Red Feather history sometimes has to be done the hard way.

Undertaking the first Chest campaign ever to be held in a primarily rural county, approximately 2,000 house-to-house solicitors are knocking on every door in the community. In the lower end of the county where the population is more concentrated in towns the job is more or less routine. In the northern, rural sections things are different.

Works in Blue Jeans

Example in case is Mrs. Walter Stocklin of the Plumsteadville area. Scorning dresses as highly impracticable, Mrs. Stocklin roams her rural area clad in blue jeans driving a four-wheel-drive jeep. If the master of the house is in the fields harvesting corn, the jeep takes her out to see him.

"The Community Chest is new in Bucks County, but I'm amazed at the fine reception our people are having as they visit their neighbors asking for pledges," Fred J. Rarig, Chest general chairman, said from his Doylestown headquarters.

Appears Encouraging

Rarig said that no reports have arrived as yet as to how the drive is progressing financially but that "scattered reports from individuals are encouraging."

Industry's contributions to the drive have yet to be announced, but the Rohm & Haas Company of Doylestown is contributing.

Crippled Children's Society to Establish Center in Bucks Co.

Exchange Club Hears Talk On Group's Activities At Luncheon Meet

Mrs. Blanche Hann, of the Philadelphia Society for Crippled Children and Adults, was guest speaker of last week's meeting of the Exchange Club.

The Society cares for those who are physically handicapped through birth, accident, or disease and endeavors to help these individuals to consider themselves of value to the community, explained Mrs. Hann.

Finds Jobs

"Since its founding in 1936," she said, "the Society has specialized in physical restoration, vocational guidance and training, general education and recreation, and, most important, job placement."

"The functional operations of the Society are provided by outstanding members of the medical profession who supervise the diagnosis of, and prescribe the treatment for, each individual. Trained physical, speech, and occupational therapists apply the prescribed treatments."

To Establish Center Here

"Treatment centers are maintained in Philadelphia, Delaware, Chester and Montgomery Counties. Plans have been made for a center in Bucks County, in the near future. Two residents of the Bristol area are receiving help from the Society at the present time."

"At these centers," continued Mrs. Hann, "the patient learns to travel alone, to dress and feed and care for himself, and to use properly the braces, crutches or appliances which may have been prescribed. As he progresses he may move on to other services such as the summer camp, or special school, or sheltered workshop for vocational training."

"Financing is provided solely by the annual sale of Easter Seals and by personal gifts," explained the speaker.

EDDINGTON, Nov. 17—Suffering an acute heart attack this morning, Thomas Officer, 79, died at the home of his daughter. The family moved to School Lane, here, from Phila., five days ago. Mr. Officer was a widower. When he was stricken a physician was summoned, but death occurred within a short time. Dr. Wm. Goldfarb, Bristol, deputy coroner of Bucks Co., was called.

Truck Driver's Helper Injured in Accident

A truck-driver's helper identified as Vito Palma, 51, of Burlington, N. J., fell between two cars of cement and injured his back on the railroad tracks running through the yard of the North Shore Supply Co., Route 13 near Levittown about 6 o'clock last night, according to Officer Charles Shaw, of Bristol township police.

Palma, according to Shaw, was looking for his coat which he had taken off while filling a truck with cement from the railroad cars, when he lost his footing and fell from the top of one of the cars.

He was rushed to Trenton Orthopedic Hospital by the ambulance of the Bucks County Rescue Squad for treatment of his injuries. Officers Shaw and Robert Lawrence of township police investigated.

The State Police Say:

Motorists, this will be a long, tough winter—if you have an accident! We suggest you prepare your car and keep it in shape for safe winter driving. Check the brakes and lights, the tires and tire chains, the defroster and windshield wiper. And keep yourself in good condition for long life with extra caution. Have your car State Inspected early to avoid the rush.

Four Persons Are Injured In Collision on Route 13

Car Hits Rear of Another Parked on Roadside; Traffic Held Up

Four persons were injured, three about the head and face, and one about the chest, when the car in which they were riding plowed into the rear of a parked car on Route 13 near Green Lane about 4:15 p. m. yesterday.

The accident, which tied up traffic in the area for about 15 minutes, occurred when the auto of Albert W. Roberts, 38, of Ferry street, Lacey Park, rammed the rear of the parked car of Mrs. Elsie Young, 46, of 219 Park avenue, Glenside, according to Officer Charles Haines of Bristol township police.

Taken to Hospital

Roberts received chest injuries; his son, Albert, Jr., 6, suffered head injuries; his parents, Henry, 51, of 4413 Cottman street, Phila., received cuts of the face, and Marie, 49, was cut about the mouth.

According to Officer Haines, Bristol Blood Donors removed the injured to Bristol General Hospital. No injuries were reported to Mrs. Young, who, police said, parked her car along the highway in order to view a nearby home display.

Two children were injured in a three-car crash at Radcliffe street, between Lincoln and Jefferson Aves., Saturday afternoon according to police.

The car in which the children, Mary Francis Carr, 11, and Margaret Ann Carr, 10, both of Pottstown, were passengers, and which was driven by Helen Lovett, 312 Otter St., hit the rear of the car owned by Frank Ivory, 355 East Circle, which was being driven by James Wilson Parrish of Macon, Ga.

Parrish was traveling west on Radcliffe st., below Lincoln Ave. He stopped his car to make a left turn into the driveway of a funeral home when Lovett's car struck it from the rear.

Another car driven by Richard Straffe, 926 Jefferson Ave., also hit the rear of Parrish's automobile. The Carr children were taken to Bristol General Hospital for treatment of head cuts. Officer Mc-

MIGHTIEST NAVY

Anyone who reads the output of the Navy League, which is a civilian organization dedicated to the progress of the U. S. Navy and naval concepts, is aware that Uncle Sam has a tremendous fighting force afloat. Now the 1952-53 edition of "Janes' Fighting Ships," that compendium of naval information, reports that the league is so right.

According to Janes', the U. S. Navy is the largest peacetime navy ever maintained by any country and is "as large as all the other navies of the world put together." The yearbook reports the U. S. has an armada of 15 battleships, 100 aircraft carriers, 75 cruisers, 620 destroyers and destroyer-escorts, 200 submarines, 200 minesweepers, and just under 4,000 auxiliary and amphibious vessels and craft.

When the combined fleets of Britain, France and other western nations are added, the result is a truly awesome figure. In only one category—submarines—does Soviet Russia pose a numerical threat.

Janes' picture of this nation's strength afloat is somewhat distorted, as it makes no distinction between ships actually in commission and those in the ready reserve or mothball fleet. For example, only three of the 15 battleships are in commission. Not more than 25 carriers of all classes are in operation. However, this is no cause for alarm, nor does it necessarily deflate the picture given by Janes.

New additions in the form of experimental types of cruisers, minesweepers and submarines are joining the operating fleet, and older types are going back into mothballs. Many of the Essex class carriers have been modernized, as have a number of destroyers and submarines. Within a few years two super carriers and the atomic powered submarine should be afloat.

The trend toward quality and specialization instead of quantity is much more pronounced than Janes' estimate would imply. Naval aviation is being more closely coordinated with fleet tactics and task units are being organized along specific lines—anti-submarine "hunter-killer" groups, shore fire support and high speed minesweeping units.

The Navy is tailored to fit the needs of a "balanced force" concept of land-sea-air units working in conjunction. Until such time as push button warfare makes it necessary to tear up the present rule book, this is the country's salvation.

One of the most unusual features of the recent campaign was that the pollsters didn't seem to believe their own figures.

ECHOES OF THE PAST
(By Courier Staff Member)
Review of the news as it appeared in the Bucks County Gazette (From the issues of June 30, 1904) The Gazette, a weekly newspaper published in Bristol, was discontinued following its merger with the Courier.

HULMEVILLE — The manager of the Hulmeville dancing pavilion offered two prizes on Saturday evening for the two best waltzers, an umbrella for the gentleman and a fan for the lady. Chester Callahan and Miss Beulah Thornton were the successful contestants.

TULLYTOWN — During the storm of Saturday afternoon last lightning struck the house of Frank Hoagland, knocking the chimney off and doing considerable other damage to the building. Fortunately it was not fired and no one was injured.

Mr. and Mrs. Frank Wright entertained their friends in a unique manner Monday evening. The guests were met at the station by the host in a large hay wagon, drawn by four horses covered with bells. The evening was spent on the lawn, which was decorated with Chinese lanterns arranged in the form of a circle, in which the guests sat and were entertained by games and music, after which refreshments were served and again the merry ride homeward. Those present were: Mr. and Mrs. Lewis Bevan, Mr. and Mrs. Frank Minster, Mr. and Mrs. E. W. Minster, Mr. and Mrs. John L. Hibbs, Mr. and Mrs. Fred Larzere, Misses Lizzie and May Percy, Marie Minster, Messrs. Robert King, H. Grimm, Martin Percy, Earl Brown, Ellwood Minster, of Bristol; Miss Helen Henry, of Norristown; Mr. and Mrs. Howard Thompson, Oxford Valley; Herbert Porter, Tacony; Misses Dora Lovett, Mary Myers, Marquerite Wright, Marion Wright, Messrs. Burton Myers, Harry Myers, Wesley Blinn, Earle Wright, of Emille.

The Delaware River Navigation Co. has put the steamer "Sue" on the route between Bristol and Philadelphia for the transportation of freight.

The dredger "America," which has been digging gravel at the point below Bristol for some time, dug a deeper channel at the Mill street wharf this week to better enable the coal boats to unload at the dock.

Miss Marie A. Glikson sailed on Tuesday for Europe on the steamer "Laurania," of the Cunard line, to be gone until September. She expects to visit Norway, Sweden and Finland and to go into Russia from St. Petersburg.

Considerable damage was sustained at the power house of the Phila. Bristol and Trenton Railway Co. at Crofton on Sunday and \$2000 were lost in a flash. During the thunder storm Sunday afternoon the lightning struck and knocked one of the dynamos out of business. The cars were operated with difficulty the rest of the day owing to the weakness of the current.

Probably but few people know that squab raising is one of Bristol's "infant" industries that gives every indication of becoming an important business enterprise. At present one hundred fledgling pigeons are shipped weekly from here to the New York market for which sixty cents a pair are received. In winter the prices soar near the dollar mark. As it was learned that the larger the shipment, the better the price to be obtained, several of the local squab raisers co-operated and now make joint shipments. William E. DeGroot is the largest raiser and does the shipping. Others who have embarked in the business and cooperate in shipping with Mr. DeGroot are George Stevens, John Allen, Firman Young, Calvin Kelly and Frank T. Chambers. By fall it is expected that 300 squabs will be sent to market weekly.

Last Sunday afternoon and evening, with over 1,000 members of the order present from various nearby towns and cities, Bristol Council No. 906, Knights of Colum-

Velvet Gowns Worn by Bride And Her Two Attendants Here

A young woman resident of Pond street was united in marriage yesterday to a former member of the U. S. Army Ski Troop. The nuptial ceremony, solemnized in St. Ann's R. C. Church at two o'clock united Miss Mary P. Napoli, daughter of Mr. and Mrs. Andrew Napoli, 912 Pond street, and Mr. Dominick J. DiLissio, son of Mr. and Mrs. Samuel DiLissio, 112 Fillmore street. The bride's father escorted her to the altar, following the rendition of vocal numbers by Miss Theresa Lomma, of Brook street.

The bride was attractive in a gown of white velvet, this having trim of white sequins, and featuring a chapel train. Her velvet head-piece held a net veil, and she wore white satin slippers. The bridal bouquet was composed of white roses and valley lilies, arranged around an orchid.

The two attendants of the bride were gowned in red, their gowns being of velvet, and floral trimmed small hats of velvet also, slippers being red satin. With these were worn white gloves, and the two carried red and white roses. The maid of honor was Miss Josephine Napoli, Bath road, cousin of the bride; and the bridesmaid, Miss Carmella DiLissio, Fillmore street, sister of the bridegroom.

The bridegroom was attended by Mr. Stanley Repetski, Pond street, as best man; and Mr. William Keller, Bristol, was the usher.

Members of the bridal party were served dinner at Flannery's restaurant, Penned; and the evening reception was arranged in Edgely community hall.

The destination of the newlyweds for their honeymoon is Florida. The bride traveled in a purple and black tuxedo suit, purple hat, black accessories. Her corsage was the orchid from her bouquet.

Choice of Mrs. Napoli, mother of the bride, for the wedding, was a gray crepe dress, lace trimmed; and black accessories. Mrs. DiLissio, mother of the bridegroom, wore a dress of black velvet, white hat and gloves, black velvet bag and slippers. Each wore a lavender orchid.

The bride and bridegroom will reside at 912 Pond street. The former is employed by Paterson Parchment Paper Co., Edgely. Her husband is a graduate of Columbia Institute, Phila., and is an employee of Kaiser Metal Products Co., Inc. Both are Bristol high school graduates.

Today's Quiet Moment

Rector
Christ Episcopal Church,

St. Paul's Church,

"For our citizenship is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ. . . ." (Philippians 3:20).

Whether or not you are a citizen makes a great deal of difference. A man may live, work, raise a family in America. But he is not an American until he takes out his citizenship. After taking out citizenship papers, the man belongs to us. He shares in the responsibilities and privileges of our national life.

Whether or not you are a citizen of heaven makes a great deal of difference. A man may enjoy the benefits of Christianity in his daily life: Hospitals, Schools, Churches, High Community moral standards; but fail to accept the responsibilities of his spiritual citizenship.

Don't be a man without a spiritual country. See your minister and learn how you can become a citizen of heaven.

O God, who declarest thy Almighty Power most chiefly in showing Mercy and Pity, mercifully grant unto us such a measure of thy Grace, that we running the way of thy Commandments, may obtain thy gracious promises, and be made partakers of Thy heavenly treasure; through Jesus Christ our Lord. Amen.

Levittown Man Heads Show Publicity Committee

Harry Kent Aides With Mask and Wig Production Scheduled for Trenton

LEVITTOWN, Nov. 17 — A resident of Levittown, Harry Kent, heads the publicity committee, and Harry C. Anderson, Morrisville, heads the reception committee, for the Central New Jersey and Bucks County Alumni Association of the University of Pennsylvania (Phila.) Mask and Wig show, "Here's Howe", which will show at Trenton, N. J., Dec. 12th. The show will play in the War Memorial Building and start at eight p. m.

There will be a party for the entire cast of the show following its appearance, the party to be held in the Stacy-Trent Hotel.

Reports on undercover activities of the club reveal the production will treat subversives in a friendly light, and that it is spoofing of "loyal" forces, and a tribute to "revolutionists". Set in colonial Phila., the musical deals with undercover agents — on our side — in that early spat with the British empire, known as the War of Independence.

A rousing, ribald comedy, "Here's

Howe" is the first revival ever to be presented by the Mask and Wig Club. It is aptly sub-titled "an old vintage in a new bottle", for the committee on production has retained the best of the old show, presented in 1923, and brought it up to date with the addition of modern comedy and today's rhythms.

Chairman of the committee on

production, and director of "Here's Howe" is Edward S. Hoffman, '47, assisted by Walter F. Keenan, veteran manager of Dancing Chorus and Samuel S. Stroud, '50, stage manager. Rodgers, '44, chairman of last year's production, will stage the show, and John Raymond is coaching the glee chorus.

LEVITTOWN, Nov. 17—Chester F. Gesemyer studied art in Trenton and Newark, N. J. before entering the Army in World War II, and has decorated his new home, at 3 Poplar lane, with pen and ink sketches. One of them is a picture of an American Army tank entering a European city.

Mr. Gesemyer served in Europe with the Seventh Army Infantry and was wounded in action. After nine months of hospitalization in Paris, he was assigned to the Army Engineers in Europe.

He is now studying Pennsylvania Dutch decorations and plans to paint the designs on furniture he and his wife, Caroline, are getting for their new home. Hanging at the

fireplace is a dipper from Mrs. Gesemyer's parents' farm in New Jersey, which he painted black to serve as a vase.

Mr. and Mrs. Gesemyer lived on the farm, on New Jersey Route S-39, near Columbus, before moving to Levittown Oct. 10. Mrs. Gesemyer was born at Columbus and her husband in Trenton. Their daughter, Janet, is three years old.

Mr. Gesemyer is employed by John A. Roebbing's Sons Co., of Roebbing, N. J., as a crane operator. His wife is a former salesclerk for Swern & Co. department store, of Trenton.

The Gesemyers have a four-year-old black dachshund, Fritz.

The bride was attractive in a gown of white velvet, this having trim of white sequins, and featuring a chapel train. Her velvet head-piece held a net veil, and she wore white satin slippers. The bridal bouquet was composed of white roses and valley lilies, arranged around an orchid.

The two attendants of the bride were gowned in red, their gowns being of velvet, and floral trimmed small hats of velvet also, slippers being red satin. With these were worn white gloves, and the two carried red and white roses. The maid of honor was Miss Josephine Napoli, Bath road, cousin of the bride; and the bridesmaid, Miss Carmella DiLisio, Fillmore street, sister of the bridegroom.

The bridegroom was attended by Mr. Stanley Repetski, Pond street, as best man; and Mr. William Keller, Bristol, was the usher.

Members of the bridal party were served dinner at Flannery's restaurant, Pennel; and the evening reception was arranged in Edgely community hall.

The destination of the newlyweds for their honeymoon is Florida. The bride traveled in a purple and black tuxedo suit, purple hat, black accessories. Her corsage was the orchid from her bouquet.

Choice of Mrs. Napoli, mother of the bride, for the wedding, was a gray crepe dress, lace trimmed; and black accessories. Mrs. DiLisio, mother of the bridegroom, wore a dress of black velvet, white hat and gloves, black velvet bag and slippers. Each wore a lavender orchid.

The bride and bridegroom will reside at 912 Pond street. The former is employed by Paterson Parchment Paper Co., Edgely. Her husband is a graduate of Columbia Institute, Phila., and is an employee of Kaiser Metal Products Co., Inc. Both are Bristol high school graduates.

"For our citizenship is in heaven; from whence also we look for the Saviour, the Lord Jesus Christ. . . ." (Philippians 3:20).

Whether or not you are a citizen makes a great deal of difference. A man may live, work, raise a family in America. But he is not an American until he takes out his citizenship. After taking out citizenship papers, the man belongs to us. He shares in the responsibilities and privileges of our national life.

Whether or not you are a citizen of heaven makes a great deal of difference. A man may enjoy the benefits of Christianity in his daily life: Hospitals, Schools, Churches, High Community moral standards; but fail to accept the responsibilities of his spiritual citizenship.

Don't be a man without a spiritual country. See your minister and learn how you can become a citizen of heaven.

O God, who declarest thy Almighty Power most chiefly in showing Mercy and Pity, mercifully grant unto us such a measure of thy Grace, that we running the way of thy Commandments, may obtain thy gracious promises, and be made partakers of Thy heavenly treasure; through Jesus Christ our Lord. Amen.

Bible Class, Zion Lutheran Church, held a social meeting Wednesday evening at the home of Mrs. Glenn Wampole, Cedar street. Routine business was followed by a social hour. The December 10th meeting will be at the home of Mrs. J. Pollack, Third Avenue.

Blocked Kick Cause Of Morrisville Losing To Hamilton High

MORRISVILLE, Nov. 17 — A blocked kick paved the way for Hamilton High victory over Morrisville High here Saturday before 1,000 rain-soaked fans. Final score was 7-0.

The only TD of the tilt came in the second quarter when Guard Dick Woolsey picked up a blocked kick and ran 39 yards to score. The conversion was added on a pass from Earl Porter to Dick Leber. Morrisville had two scoring threats. In the second session, Denny Sullivan fumbled on the six-yard line and Charlie Schweder recovered for the Hornets. In the final quarter, the Bulldogs got to Hamilton's 17-yard line before losing the ball on downs. It was only a matter of inches which lost the first down.

Hamilton had a touchdown, called back in the initial quarter when Porter threw a pass to Ernie Berisford that completed 76 yards but the play was nullified by a Hamilton penalty.

Morrisville outtroughed their opponents, having nine first downs and gaining 213 yards via the ground. Hamilton made 7 first downs and stepped off 108 yards on ground plays. Morrisville completed two aeriels for 26 yards gained while Hamilton failed to complete a pass.

It was Hamilton's seventh victory in eight starts and evened the four-year series between the schools with each winning a game and there being two ties.

CRIME PREVENTION
As we read the papers, the thought comes to mind that too many youngsters toward crime are inclined. To keep them from erring, should be our concern. Just what makes them do wrong we must strive to learn. To remove the causes that lead them astray is work that we must do, not soon, but TODAY.
No home owner can afford to be guilty of the crime of neglecting to provide for a comfortable heating season. In order to do this he must make arrangements for the installation of an automatic oil burner. We will be glad to furnish you with full particulars if you will just call Bristol 9627. Middletown twp., Langhorne and auxiliary fire police, under direction of Chief of Police Howard Shook, Middletown twp., directed traffic and took charge of parking vehicles.

The new tower is a gift to the community with all materials and labor being donated by local merchants. Albert Reel, Langhorne Terrace, a local builder, was instrumental in having the tower built so that aircraft may be spotted more easily and the spotters be protected from the weather.

Mr. Zalot introduced post commander, Stafford Caldwell, who thanked the Middletown twp. supervisors for their co-operation, and local merchants, business people and contractor for their donations and services.

Col. A. M. Heritage, Doylestown, director of Bucks County Civilian Defense Council, spoke briefly. With him were Miss Rogers, secretary, and Mr. Bell, an official of the County Civilian Defense group. Major Robert P. Loughrey, Harrisburg, coordinator for Penna. Airforce affairs, spoke concerning operation of the aircraft observation tower in connection with filter centers and the workings of the centers.

Major Norris I. Farrington, in command of the filter center at Trenton, N. J., presented "wings" to 90 volunteer observers who have been serving since the post went into operation on a 24-hour basis July 14th. Six additional volunteers were obtained yesterday, bringing the total to approximately 136. Each of these serve a minimum of two hours per week with some serving as high as eight hours per week.

The oldest and youngest observers were introduced, these being Joseph Newbold, 80, of Langhorne; and "Kenny" Goodman, 10, of Langhorne R. D. 3.

The memorial ceremony which closed the day's program was especially dedicated to the dead of all wars. Soby Post bugler, James Brant, sounded taps; and the Rev. Mr. Moore pronounced the benediction. Then a flight of seven U. S. Navy fighter planes flew over the observation post as a salute to the ground observers.

Blocked Kick Cause Of Morrisville Losing To Hamilton High

MORRISVILLE, Nov. 17 — A blocked kick paved the way for Hamilton High victory over Morrisville High here Saturday before 1,000 rain-soaked fans. Final score was 7-0.

The only TD of the tilt came in the second quarter when Guard Dick Woolsey picked up a blocked kick and ran 39 yards to score. The conversion was added on a pass from Earl Porter to Dick Leber.

Morrisville had two scoring threats. In the second session, Denny Sullivan fumbled on the six-yard line and Charlie Schweder recovered for the Hornets. In the final quarter, the Bulldogs got to Hamilton's 17-yard line before losing the ball on downs. It was only a matter of inches which lost the first down.

Hamilton had a touchdown called back in the initial quarter when Porter threw a pass to Ernie Berrisford that completed 76 yards but the play was nullified by a Hamilton penalty.

Morrisville outrushed their opponents, having nine first downs and gaining 213 yards via the ground. Hamilton made 7 first downs and stepped off 108 yards on ground plays. Morrisville completed two aeriels for 26 yards gained while Hamilton failed to complete a pass.
